

Minnesota Construction Association  
2017 Awards of Excellence Winner!!

EDS Builders, Inc. won in the Renovation, Expansion or Tenant Improvement category for the Springbrook Nature Center Improvements Project. A 1980 bunk style building turned into a beautiful swan. The Springbrook Nature Interpretive Center features heating and cooling by 64 geothermal wells, LED lighting throughout, bird-safe wall-to-wall glass, a 3,200 sf banquet hall that can be divided into four rooms, a fireplace to relax by while enjoying nature, new exhibits, walking trails, butterfly garden holding ponds, and partial green roof.
